

Acknowledgement of our Reviewers

Fernando Carrera

Editor-in-Chief

This time of the year, when I extend my sincere thanks to the journal's reviewers, is a good moment to reflect on the switch to an English-only policy six years ago. It gave me the opportunity to bring on board prominent international reviewers, and a glance at the names listed below shows an almost fifty-fifty split between national and non-national

experts who contribute so much to increasing the scientific level of this publication. All manuscripts we receive are normally reviewed by 3-4 reviewers, and always a combination of national/international experts.

We are grateful and lucky to have such luminaries working with us.

The Editor-in-Chief of the Portuguese Journal of Nephrology and Hypertension is grateful to the following reviewers who kindly reviewed manuscripts for Volume 26 in 2012.
